THE OPPORTUNITY

Sports fans miss 90% of the moments that matter to them. NORMA monitors every NBA, MLB, and NCAA game in real time and sends push notifications at peak-attention moments — when spreads are being crossed, when games go to overtime, when a star picks up foul trouble. **Your ad rides alongside the notification that creates the viewer.**

HOW THE AUCTION WORKS

1. **Moment fires**— a live game event triggers an alert
2. **Eligible bids**— campaigns meeting floor + budget checked
3. **Second-price clearing**— winner pays \$0.01 above 2nd bid
4. **Creative selected**— Thompson Sampling picks best variant
5. **Push delivered**— ad embedded in the notification
